Course Objectives

These study materials are designed to prepare students to pass the IRS Special Enrollment Examination the first time they take the exam. After completing your study, you should have the tax knowledge needed to pass the exam.

The material is covered at an intermediate level. It is helpful if the student has had some beginning level courses relating to tax law and at least a year of income tax preparation experience.

You will be learning tax law from the study cards, and exercising your understanding with test questions from previous years' exams, in addition to our own questions that are similar to questions on the exam. The questions are all multiple choice (no true/false). All of the questions and study material have been updated to 2017 tax law. The 2018 exam (May 1, 2018 - February 28, 2019) will cover the federal tax law as of December 31, 2017.

Note: All references on the examination are to the Internal Revenue Code, forms and publications, as amended through December 31, 2017. Also, unless otherwise stated, all questions relate to the calendar year 2017. Questions that contain the term ‘current tax year’ refer to the calendar year 2017. In answering questions, candidates should NOT take into account any changes as a result of the Tax Cuts and Jobs Act of 2017 or any legislation or court decisions after December 31, 2017.

The material is broken down into three parts similar to the parts on the exam. Part 1 discusses individual income tax law, Part 2 discusses sole proprietorship and partnership, corporation (including S corporation), fiduciary, estate, and trust tax law and tax-exempt organizations, and Part 3 discusses practitioner ethics, recordkeeping, IRS tax examination, appeals, and collection procedures, practitioner rules and penalties, and research materials. Because we categorize the questions and study cards, all questions and content pertaining to a specific tax law are grouped together, even though they might be asked in more than one part of the exam.

We feel we have the best and most comprehensive enrolled agent exam preparatory materials available. However, we are always looking for ways to improve. We would appreciate it if you would take a moment to complete our online evaluation at http:// www.phoenixtax.com/ea_survey.

If you have any questions regarding any of the questions in this book, please email us at support@phoenixtax.com. Do not call our 800 number.

Good luck on the exam.
How to Prepare for the Exam

The following is a set of guidelines for preparing for the exam:

1. We recommend that you study a minimum of 100 to 120 hours total for all three parts of the exam. For Part 1, we recommend 35-45 hours of study. For Part 2, we recommend 45-60 hours of study. For Part 3, we recommend 20-25 hours of study. Break up your study time. Do not try to study 3 or 4 hours at a time. Most people's comprehension level starts to fade after an hour. Unlike other exam prep courses, we have designed our materials to take with you wherever you go. Use your spare time during the day to study the cards. You will be surprised how much you can absorb by studying in intervals of 15 to 30 minutes. Read the study cards before proceeding to the questions in the book.

2. DO NOT rely on your tax experience to pass this exam. It has been our experience that people with limited tax experience (one year or less) have a far better success rate on this exam than people with many years of tax experience. The reason is that preparers with years of experience tend to rely on their practical knowledge of taxes. This exam tests on theory, not practical experience. The IRS is primarily interested in your ability to understand the tax law and to properly and accurately determine taxable income (i.e., figuring basis in an asset to determine gain, what income is taxable, what deductions are allowed, etc.).

3. You can now use a calculator to do the computational questions. Prometric will provide you with a hand-held calculator. You cannot bring your own calculator.

4. Be familiar with the tax forms and the filing dates for those forms. There are quick reference cards for tax forms at the bottom of each card deck. Also, be familiar with the different penalties that can be assessed against a taxpayer and a tax preparer.

5. The exam will test on a specific tax law in more than one part. For example, questions pertaining to property basis or retirement plans will be tested in both Part 1 and Part 2; questions pertaining to recordkeeping in Part 1 and Part 2 could be tested in Part 3; taxpayer penalties could be tested in all three parts. Therefore, we strongly recommend you to take the exam in the following order. Take Part 1 first, Part 2 second and Part 3 last. You should also take all three parts of the exam as close together as possible.

6. You must have a positive attitude toward this exam. If you do not think you can pass this exam, you won't. Fifty percent of preparing for this exam is being mentally prepared.
About the Computer Based SEE Exam

The Internal Revenue Service has contracted with Prometric to conduct its examination program. Prometric provides computerized testing at test centers throughout the world. The IRS and Prometric are working together closely to ensure that examinations meet federal requirements as well as professional examination development standards.

Testing Dates
The 2018 SEE examination begins May 1, 2018 and examinations will be offered continuously through February 28, 2019. The exam is in three parts. The three parts DO NOT have to be taken at once. You can take one part at a time. Once you have taken and passed one part, you have two years from the date of passing that part to take and pass the other two parts.

Testing Fees
The exam costs $181.94 per part.

Exam Questions
Each part of the exam has 100 questions. All questions are weighted equally.

Time Limited for the Exam
You are given 3.5 hours to complete each part of the exam. The actual seat time is 4 hours to allow for a tutorial at the beginning and a survey at the end.

Examination Results
The exam is graded on a scale of 40 - 130 with 40 being the lowest score and 130 being the highest score possible. You must have a score of 105 or better for each part of the exam to pass. You will receive your scores immediately after taking the exam.

Passing Score
If you pass, the score will only show a passing designation. It will not show a score.

Failing Score
If you fail, your score report will show a scaled score between 40 and 104. You will also receive diagnostic information to assist you with future examination preparation. Diagnostic information will show an indicator of 1, 2, or 3 meaning:

1. Considerably below the minimally acceptable score. It is important for you to approach how you study this topic as you prepare to take the test again. You may want to consider taking a course or participating actively in a study group on this topic.
2. Marginally below the minimally acceptable score. You should study this topic in detail as you prepare to take the test again.
3. At or above the minimally acceptable score. Be sure to review this topic as you prepare to take the test again.

Experimental Questions
The examination may include some experimental questions that will not be scored. If present, they are distributed throughout the exam and will not be identified as such. These are used to gather statistical information on the questions before they are added to the exam as scored items. These experimental questions will not be counted for or against your final score.
Obtain a PTIN

You must have a PTIN to sign up for the Enrolled Agent Exam. Chances are you already have your PTIN, but if you do not, you will have to get one. The IRS Tax Professional PTIN Sign-up System is available at www.irs.gov/ptin. Once online, you will need to:

Create Your Account. Provide your name, email address, and security question information. The system will then email your temporary password, which you will change when you go back to enter your information in the PTIN application.

Apply for Your PTIN. Complete the online application by providing personal information, information about your previous year’s tax return, professional credentials, and more.

Get Your PTIN. Your PTIN will be provided online.

It takes about 15 minutes to sign up online and receive your PTIN. If you opt to use the paper application, Form W-12 IRS Paid Preparer Tax Identification Number (PTIN) Application, it will take 4-6 weeks to process.

PTIN renewal. PTINs must be renewed annually by December 31 for the following year. Renewal Open Season usually begins each year in mid-October.

Extensions of Time to File

6. Which of the following statements regarding extensions of time to file is correct?

A. An automatic 2-month extension can be obtained by filing Form 4868, Application for Automatic Extension of Time To File U.S. Individual Income Tax Return.

B. An additional automatic 4-month extension can be obtained by filing Form 4868, Application for Additional Extension of Time To File U.S. Individual Income Tax Return.

C. A penalty for late payment may still be charged even if an extension is granted.

D. An extension request for a 2017 individual income tax return must be filed by August 15, 2018.

Answer: C

An automatic 6-month extension of time to file an individual return can be obtained by filing Form 4868, Application for Automatic Extension of Time to File U.S. Individual Income Tax Return.

A penalty for late payment may still be charged even if an extension is granted.

An extension request for a 2017 individual income tax return must be filed by April 17, 2018.

7. All of the following concerning extension of time to file are correct EXCEPT:

A. An automatic 6-month extension can be requested by filing Form 4868.

B. If the required payment is made by credit card by the regular due date for the return, the return can be filed any time before the 6-month extension period ends.

C. Requesting an automatic 6-month extension before the regular due date for the return postpones the requirement to make payment of any tax due.

D. An automatic 6-month extension can be requested by using IRS e-file (electronic filing).

Answer: C

A taxpayer may obtain an automatic 6-month extension of time to file a U.S. individual income tax return in one of the following ways:

1. Electronically file Form 4868, Application For Automatic Extension of Time To File U.S. Individual Tax Return, using tax software with a personal computer,

2. Pay all or part of the estimated taxes due using a credit or debit or by using the Electronic Federal Tax Payment System (EFTPS), or

3. File a paper Form 4868 by mail.

An extension of time to file is not an extension of time to pay. Taxpayer must make an accurate estimate of tax liability for that year and pay any amount due with Form 4868. If the taxpayer cannot pay the full amount of tax due, he or she can still get the extension. The taxpayer will owe interest on the unpaid amount.
Chapter 1. Income Tax Return

8. Which of the following statements is true regarding the filing of a Form 4868, Application for an Automatic Extension of Time to File?

A. Interest is not assessed on any income tax due if a Form 4868 is filed.
B. Form 4868 provides the taxpayer with an automatic additional 4 month extension to file.
C. Even though you file Form 4868, you will owe interest and may be charged a late payment penalty on the amount you owe if you do not pay the tax due by the regular due date.
D. A U.S. citizen, who is out of the country on April 15, will be allowed an addition 12 months to file as long as “Out of the Country” is written across the top of Form 4868.

ANSWER: C

An extension of time to file is not an extension of time to pay. When filing an extension, a taxpayer must make an accurate estimate of his or her tax for the tax year. If the taxpayer cannot pay the full amount due, he or she can still get an extension but will owe interest and penalties on the unpaid amount. A taxpayer is allowed an automatic 2-month extension (until June 15 for calendar-year taxpayers) to file the return and pay any federal income tax that is due if the taxpayer is a U.S. citizen or resident and on the regular due date of the return:

1. Was living outside of the U.S. and Puerto Rico, and his or her main place of business or post of duty is outside the U.S. and Puerto Rico, or
2. Is in the military or naval service on duty outside the U.S. and Puerto Rico.

9. Which of the following is true regarding the filing of Form 4868, Application for Automatic Extension of Time to File a U.S. Individual Income Tax Return?

A. Filing Form 4868 provides an automatic 2-month extension of time to file and pay income tax.
B. Any U.S. citizen who is out of the country on April 15, is allowed an automatic 4-month extension of time to file his or her return and pay any federal income tax due.
C. Interest is charged on tax not paid by the due date of the return even if an extension is obtained.
D. Electronic filing cannot be used to get an extension of time to file.

ANSWER: C

Refer to the analysis on the previous question. Any U.S. citizen who is out of the country on April 15, is allowed an automatic 2-month extension of time to file his or her tax return and pay any federal income tax due. An extension of time to file can be electronically filed.
10. A taxpayer can get an automatic 6-month extension by all of the following EXCEPT:

A. Filing Form 4868.
B. E-file Form 4868 using a tax software or a tax professional.
C. Paying part or all of the estimated taxes due by using a credit card over the phone or internet.
D. Calling the IRS and asking for an extension.

ANSWER: D

A taxpayer may obtain an automatic 6-month extension of time to file a U.S. individual income tax return in one of the following ways:

2. Pay all or part of the estimated taxes due using a credit or debit card or by using the Electronic Federal Tax Payment System (EFTPS).
3. File a paper Form 4868 by mail.

A. Married filing joint return.
B. Married filing separate return.
C. Head of household.
D. Single.

ANSWER: D
